Workload:
Students are expected to spend an appropriate number of hours per week attending class sessions, doing assignments and research, reading and preparing for exams. The standard Carnegie Unit of college credit assigns one credit hour for each 15 hours of class time and assumes that students spend two hours working outside the classroom for each hour of classroom instruction. For a three-credit course, this translates to 135 hours per semester or an average of nine hours per week for a 15 or 16-week semester.

Incomplete (I) grade:
[a] To receive an "I" grade, you must have finished at least 1/2 of the course requirements (including receiving a passing grade on the midterm) and specifically request the Incomplete grade. Please call before the last week of class to be sure that there is sufficient time to consider your request. An incomplete grade generally implies that a student has shown sufficient initiative to complete the course on his or her own. You will receive a copy of the standard "I" form filed with the grade. This form details specifically what must be done to complete the course. A student has one year to complete the required work, after which the grade automatically reverts to an "F."
[b] "I" grades are not awarded automatically. The student must request an "I" from the instructor who will judge the student's ability to complete the course on his or her own. Generally the student must have completed over 75% of the course requirements. Student and instructor fill out a form listing what remains to be completed as well as how and when the work will be done. "I" grades will not be re-evaluated during the final two weeks of the semester when class activities are normally at their most intense.
[c] "I" grades must be requested in writing by the student and final decisions regarding an incomplete grade are made by the instructor, but no incompletes are given if less than 2/3 of the course work has been completed. **Incomplete are generally reserved for medical and family emergencies that are of significant duration or occur at a critical time during the semester.**

Special Withdrawal (Y) grade:
The "Y" grade is an administrative withdrawal given at the instructor's option when no other grade is deemed appropriate. Your instructor must file a form stating the specific rationale for awarding this grade. "Y" grades are discouraged since they often affect students negatively. Your instructor will not award a "Y" grade without a strong reason.

Extra Credit Opportunities:
A 10 point extra credit essay relevant to subject is included on the midterm and the final exam.
A 10 point summarized class presentation on topics covered during semester.(optional).

Final Grades: Students will receive a grade transcript from the college mailed to their address given with registration materials at the end of the semester when all grades have been recorded.

**SPECIAL NOTE TO STUDENT:** For privacy and security reasons, instructors are advised NOT to give grades over the telephone/e-mail.

The Instructor will make every attempt to follow the above procedures and schedule, however, they may change in the event of extenuating circumstances.
Course Outline:

1. Review and apply the historical and cultural aspects of the O'odham language.
